

About Apollo Tyres

The Company remains the preferred partner for global and Indian original equipment auto players, catering to more than 100 countries worldwide. With its corporate headquarter in Gurgaon, Apollo Tyres has multiple manufacturing units in India, the Netherlands and Hungary.

The extensive operations, backed by a global workforce of approximately 19,000 employees, deliver a turnover of US\$ 2.34 Bn. The Company markets its products under two international brands – Apollo and Vredestein – that are available across the world through a vast network of branded, exclusive and multi-product outlets.
